Respected Sir,

I am an enthusiastic software engineer pursuing B.Tech.(Second Year) from Maharashtra Institute of Technology, Pune with 7.6 CGPA. I have Gained basic understanding of MySQL and object-oriented development. Had Extensive experience with database design, algorithm development, source control.

I have done my HSC from Nepal with First Class. I am an Army Kid so I have done my schooling from different states. My leadership skills were recognized by my teacher at an early age. I have been part of school executive sports and extracurricular activity. I decided to pursue my graduate education in Pune so I could learn to be independent and step out of my comfort zone. I have good communication and interpersonal skills and have the ability to interact effectively with people of all ages and all levels.

My enthusiasm, ability to work hard and willingness to learn are my major strengths. With my skills in development, I will surely be able to add value to your business. I have attached my CV detailing my skills and interests. I would be glad to come for an in-person interview at your office.

Thanking for your interest.

Sincerely,

Priyanka Bista

Dr. Vishwanath Karad
